ATTESTATION DE STAGE

J'atteste bien volontiers que Me Michaël Biot a travaillé en notre Etude du 9 août 2000 au 28 février 2002.

Me Michaël Biot a rempli ses obligations à notre entière satisfaction. Il a exécuté les tâches qui lui ont été confiées avec beaucoup de sens professionnel et sérieux.

Il a rédigé des actes de procédure, des contrats, conventions et consultations juridiques dans différents domaines du droit.

Il a plaidé devant les juridictions civiles, pénales et administratives du Canton de Genève.

Il est ainsi parfaitement préparé pour une carrière professionnelle que je lui souhaite pleine de succès.

Me Michaël Biot a une personnalité particulièrement bien trempée alliant ténacité et sens de l'adaptation.

Il a fait ses preuves de manière convaincante pendant sa période de stage à l'Etude de sorte que les associés lui proposent d'y reprendre sa place en qualité de collaborateur une fois son brevet en poche.

TO WHOM IT MAY CONCERN

Michael BIOT worked as a summer student for Hewlett-Packard Europe in Geneva, in the European Channel Marketing team, during July/September 1999.
The European CM team designs, develops and supports all marketing programs for the HP computers organization particularly focused on channel partners: wholesalers, corporate resellers, traditional dealers and VARs.

Michael's objective was the development and implementation of an electronic form to be used to plan and approve marketing and structural investments with HP's channel partners; of an access/excel-based database to gather the above data of a set of reports to be distributed to the Partners' Account Managers and the European Top Management to review programs activities and performance.

Due to his commitment to meet objectives and deadlines, his ability to quickly absorb new concepts and ideas, his interest and willingness to understand customers needs, anticipate and address them the project was accomplished according to expectations and with the highest success and general satisfaction.

Michael Biot has an excellent reputation in HP and he was recommended to me by my colleague who worked with him during the last two years and I look forward to having opportunities to work with him again in the future.

Michael Biot is very professional and a very good team player. I would recommend him for all kind of challenging and complex projects and assignments.

Very best regards,

To Whom It May Concern

Michael BIOT worked as a summer student for Hewlett-Packard Europe in Geneva, Switzerland during July-September 1998.

Michael was asked to develop and implement an Excel-based tool that analyses a large set of basic marketing metrics in order to produce graphic and tabloid presentations of marketing mixes compared to history as well as market impact.

His ability to grasp concepts, his dedication and independence, and his willingness to seek clarification have made his contribution a success.

This is the second time I have had the pleasure to work with Michael, and I can only re-iterate my positive recommendation as to his ability to take on even challenging tasks.

With best regards,
